Re: Settlement Offer—*Elk Grove Community Services District v. City of Elk Grove*

Dear Members of the Elk Grove City Council:

The Board of Directors of the Elk Grove Community Services District offers the following proposal to partner with the City of Elk Grove in the provision of parks and recreation in the City. The proposed partnership combines the strengths and experience of both our agencies to best serve the residents of Elk Grove. If accepted, this offer would put an end to the litigation and acrimony between our agencies and allow us to work together to the benefit of our citizens.

Our proposal is, very simply, as follows:

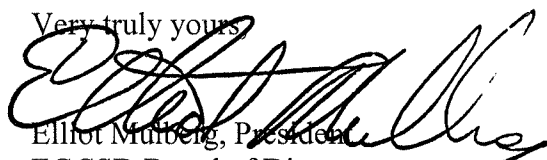

- The City would design, construct and own all new parks.
- The City and the District would jointly name new parks.
- The District would operate all park and recreational programs and services.
- The District would maintain all parks.
- The City would dedicate sufficient funds to the District to enable the District to maintain all new parks.

If acceptable to the City Council, these points would be memorialized in a written agreement. We propose this agreement would have a term of five years with the ability to extend at the option of both agencies.

This letter is a settlement offer subject to the provisions of California Evidence Code § 1152 *et seq.*

We look forward to your response to our proposal at your earliest opportunity.

Very truly yours,

Elliot Mulberg, President
EGCSD Board of Directors
